

Among the Indians, as among other nations, some people are born artists, but most are not. I am a born artist. I have as much interest in my people as any anthropologist, and I have studied our culture and lore."

I transmit astral plane harmonies through my brushes into the physical plane. These otherworld colours are reflected in the alphabet of nature, a grammar in which the symbols are plants, animals, birds, fishes, earth and sky. I am merely a channel for the spirit to utilize, and it is needed by a spirit starved society.
